## **22. Correction of Errors**

22.1. The Evaluation Committee will correct any computational errors. When correcting computational errors, in case of any discrepancy between a partial amount and the total amount, or between words and figures, the formers shall prevail. In addition to the above corrections, as indicated under paragraph 14.1, activities and items described in the Technical Proposal but not priced shall be assumed to be included in prices of other activities or items. In case an activity or line item is quantified in the Financial Proposal differently from the Technical Proposal:

- a) if the Time-Based form of Contract has been included in the RFP, the Evaluation Committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity and correct the total Proposal cost; and
- b) if the Lump-Sum form of Contract has been included in the RFP, no corrections are applied to the Financial Proposal in this respect.

**23. Conversion to Single Currency**

23.1. Prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the Data Sheet.

**24. Combined Quality and Cost Evaluation**

24.1. In the case of QCBS, the lowest evaluated Financial Proposal (Fm) will be given the maximum financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in Data Sheet. Proposals Will Be Ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P= the weight given to the Financial Proposal; T+P=1) indicated in the Data Sheet:  $S = St \times T\% + Sf \times P\%$ . The firm achieving the highest combined technical and financial score will be invited for negotiations.

24.2. In the case of Fixed-Budget Selection, the Procuring Agency will select the firm that submitted the highest ranked Technical Proposal within the budget. Proposals that exceed the indicated budget will be rejected. In the case of Least-Cost Selection, the Procuring Agency will select the lowest proposal among those that passed the minimum technical score. In both cases the evaluated proposal price according to paragraph 24.1 shall be considered, and the selected firm invited for negotiations.

24.3. In the case of Least-Cost Selection, the Procuring Agency will select the lowest proposal among those that passed the minimum technical score and invite such Consultant to negotiate the Contract.

**25. Negotiations**

25.1. Negotiations will be held at the date and address indicated in the Data Sheet. The invited Consultant will, as a pre-requisite for attendance at the negotiations, confirm availability of all Professional staff. Failure to satisfy this requirement may result in the Procuring Agency proceeding to negotiate with the next-ranked Consultant. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and conclude a Contract.

**26. Technical Negotiations**

26.1. Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan, organization and staffing, any suggestions made by the Consultant to improve the Terms of Reference, and the Special Conditions of Contract. The Procuring Agency and the Consultant will finalize the Terms of Reference, staffing schedule, work schedule, logistics and reporting. These documents will then be incorporated into the Contract as "Description of Services". Special attention will be paid to defining clearly the inputs and facilities required from the Procuring Agency in order to ensure satisfactory implementation of the assignment. The Procuring Agency shall Prepare minutes of the negotiations, which shall be signed by the Procuring Agency and the Consultant. The negotiations shall not substantially alter the original Terms of Reference or the terms of the Contract.

**27. Financial Negotiations**

27.1. The financial negotiations will include a clarification (if any) of the Consultant's tax liability in Bhutan, and manner in which it will be reflected in Contract; and will reflect the agreed technical modifications in the cost of the services.

27.2. In the cases of QCBS, Fixed-Budget Selection and the Least-Cost Selection methods involving time based Contracts, unless there are exceptional reasons the financial negotiations will involve neither the remuneration rates for staff nor other proposed unit rates. For other methods, Consultants will provide the Procuring Agency with the information on remuneration rates described in the Appendix attached to Section 4-Financial Proposal-Standard Forms of this RFP.

27.3. In the case of a Lump Sum Contract where price is a factor of selection, the price shall not be negotiated.

27.4. Reimbursable costs are payable on an actual expenses incurred basis, and thus shall not be subject to financial negotiation.

**28. Availability of Professional Staff/Experts**

28.1. Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff, the Procuring Agency expects to negotiate a Contract on the basis of the Professional staff named in the Proposal. Before contract negotiations, the Procuring Agency will Require assurances that the Professional Staff will actually be available. The Procuring Agency will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and be submitted by the Consultant within the period of time specified in the letter of invitation to negotiate.

**29. Conclusion of the Negotiations**

29.1. Negotiations will conclude with a review of the draft Contract. To complete negotiations the Procuring Agency and the Consultant will initial the agreed Contract. If negotiations fail, the Procuring Agency shall inform the Consultant in writing of the reasons for termination of the negotiations and then shall invite the Consultant whose Proposal received the second highest combined technical and financial score to negotiate a Contract. ## APPENDIX A. FINANCIAL NEGOTIATIONS - BREAKDOWN OF REMUNERATION RATES

### 1. Review of Remuneration Rates

- 1.1. . The remuneration rates are made up of salary or a base fee, social costs, overheads, profit, and any premium or allowance that may be paid for assignments away from headquarters or a home office. An attached Sample Form can be used to provide a breakdown of rates.
- 1.2. If the RFP requests submission of a technical proposal only, the Sample Form is used by the selected Consultant to prepare for the negotiations of the Contract. If the RFP requests submission of the financial proposal, the Sample Form shall be completed and attached to the Financial Form-3. Agreed (at the negotiations) breakdown sheets shall form part of the negotiated Contract and included in its Appendix D or C.
- 1.3. At the negotiations the firm shall be prepared to disclose its audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. The Client is charged with the custody of government funds and is expected to exercise prudence in the expenditure of these funds.
- 1.4. Rate details are discussed below:
  - (i) Salary is the gross regular cash salary or fee paid to the individual in the firm's home office. It shall not contain any premium for work away from headquarters or bonus (except where these are included by law or government regulations).
  - (ii) Bonuses are normally paid out of profits. To avoid double counting, any bonuses shall not normally be included in the "Salary" and should be shown separately. Where the Consultant's accounting system is such that the percentages of social costs and overheads are based on total revenue, including bonuses, those percentages shall be adjusted downward accordingly. Where national policy requires that 13 months' pay be given for 12 months' work, the profit element need not be adjusted downward. Any discussions on bonuses shall be supported by audited documentation, which shall be treated as confidential.
  - (iii) Social Charges are the costs of non-monetary benefits and may include, inter alia, social security (including pension, medical, and life insurance costs) and the cost of a paid sick and/or annual leave. In this regard, a paid leave during public holidays or an annual leave taken during an assignment if no Expert's replacement has been provided is not considered social charges.
  - (iv) Cost of Leave. The principles of calculating the cost of total days leave per annum as a percentage of basic salary is normally calculated as follows:

Leave cost as percentage of salary =

Where w = weekends, ph = public holidays, v = vacation, and s = sick leave.

Please note that leave can be considered as a social cost only if the Client is not charged for the leave taken.
  - (v) Overheads are the Consultant's business costs that are not directly related to the execution of the assignment and shall not be reimbursed as separate

items under the Contract. Typical items are home office costs (non-billable time, time of senior Consultant's staff monitoring the project, rent of headquarters' office, support staff, research, staff training, marketing, etc.), the cost of Consultant's personnel not currently employed on revenue-earning projects, taxes on business activities, and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The Client does not accept an add-on margin for social charges, overhead expenses, etc. for Experts who are not permanent employees of the Consultant. In such case, the Consultant shall be entitled only to administrative costs and a fee on the monthly payments charged for sub-contracted Experts.

- (vi) Profit is normally based on the sum of the Salary, Social costs, and Overheads. If any bonuses paid on a regular basis are listed, a corresponding reduction shall be made in the profit amount. Profit shall not be allowed on travel or any other reimbursable expenses.
- (vii) Away from Home Office Allowance or Premium or Subsistence Allowances. Some Consultants pay allowances to Experts working away from headquarters or outside of the home office. Such allowances are calculated as a percentage of salary (or a fee) and shall not draw overheads or profit. Sometimes, by law, such allowances may draw social costs. In this case, the amount of this social costs shall still be shown under social costs, with the net allowance shown separately.

UNDP standard rates for the particular country may be used as reference to determine subsistence allowances.
